

Turning Curiosity

Into *Capability*

Cyber Shield Intelligence LLC

Who We Are

Cyber Shield Intelligence is a cybersecurity and artificial intelligence training company based at the Sorbonne Centre for Artificial Intelligence (SCAI) in Abu Dhabi, UAE. Our experienced instructors combine academic expertise with hands-on training to equip learners with practical, real-world skills. With over 20,000 students taught, we offer accessible, high-quality programs in English, French, and Arabic, both in person and online. We are committed to bridging the gap between theory and practice, helping students and professionals build the skills to thrive in the evolving fields of AI and cybersecurity.

Our Training Programs

Artificial Intelligence (AI)

Our AI training equips participants with the knowledge and practical skills to integrate AI into their workflows, automate tasks, develop AI agents, and maximize productivity across their organization.

Offensive Cybersecurity

Our offensive cybersecurity training equips participants with ethical hacking, penetration testing, and vulnerability assessment skills to identify security weaknesses before attackers can exploit them.

Defensive Cybersecurity

Our defensive cybersecurity training equips participants with threat detection, security monitoring, and incident response skills to protect systems, networks, and sensitive data from cyber threats.

Why Choose Cyber Shield Intelligence

We're Reliable.

We are proud to have delivered multiple training events with 500+ attendees each.

PhD-Holding Leadership.

Our leadership has educated tens of thousands of students combined at prestigious universities.

We're Hands-On.

We have developed our own in-house training portal where students can learn practically with hands-on labs.

We're Flexible.

We offer training sessions both online and in-person in English, Arabic, and French tailored to your organization's needs.

Meet Our Founder

Dr. Ahmed AlHammedi

Dr. Ahmed holds over 20 years of leadership experience across federal and Abu Dhabi authorities, driving cybersecurity strategy, national resilience, and digital transformation initiatives.

Industries We Serve

At Cyber Shield Intelligence, we specialize in AI and cybersecurity training programs tailored to the needs of various industries. We work closely with organizations to deliver training that aligns with their goals, addresses their challenges, and equips their teams with Skills aligned with industry demands.

Corporate & Enterprise

AI and cybersecurity training for businesses, corporate teams, and large organizations.

Schools & Higher Education

Training programs for schools, universities, colleges, and academic institutions.

Tech & Startups

Specialized training for technology companies, startups, and emerging tech teams.

Government & Nonprofit Organizations

Tailored training for public institutions, NGOs, and mission-driven organizations.

Portfolio Highlights

Smart AI Prompting Training

Over the course of one week, we trained more than 250 participants to maximize the potential of AI and apply it effectively in their work.

Winter School: AI & Cybersecurity

In May 2026, we delivered an intensive, three-day international training program in AI & cybersecurity at Khalifa University, reaching over 700 participants through in-person and online sessions.

National CTF Competition

We successfully delivered a 3 day cybersecurity training followed by a national CTF (capture-the-flag) competition where over 55 teams across the UAE participated.

We're Here for You!

Tell us who you want to train and what skills they need to develop, whether they're students, professionals, or corporate teams. Send us a short email, and we'll recommend the right training program and schedule to meet your needs.
